67. REPORT OF THE HEAD OF HOUSING AND COMMUNITY SERVICES - HACKNEY CARRIAGE AND PRIVATE HIRE LICENSING: LICENCE FEES AND CHARGES FEES 2017/2018

The Licensing Partnership Manager presented a report on the Hackney Carriage and Private Hire Licensing: Licence Fees and Charges Fees 2017/18.

The Committee was informed that the authority was required to review the fees set for the administration of the Taxis and Private Hire licensing.

In response to questions from Members, the Licensing Partnership Manager explained that:-

- There had been an error on the table for 'Private Hire Driver's Licence', the Existing Fee for Disclosure Barring Service search fee should be £44 for three years, not £220.
- That the service must be able to pay for itself and recover all costs.
 It could not make a profit and should there be a surplus at the end
 of the year, it must be rolled into the following year with a view to
 balancing out the costs of the service.
- That there would be a 28 day consultation on the proposed fees which would be sent out by email to Hackney Carriage Proprietors, Private Hire Operators and Drivers. A Notice would also be placed in a local paper and there would be a link to the consultation on the Council's website.
- If no objections were received then the revised fees would come into effect from 15th May 2017. However, should any be received then a report would come back to Committee.

RESOLVED:

- 1. That the proposed fees and charges and associated costs for licences in respect of hackney carriage drivers and vehicles and private hire drivers, vehicles and operators, as set out in paragraph 2.9 of the report of the Head of Housing and Community Services be approved for formal consultation with the trade and with the public; and
- 2. That subject to the consideration of any written objections being received by this Committee these be implemented with effect from 15 May 2017.

70. REPORT OF THE HEAD OF HOUSING AND COMMUNITY SERVICES - ANIMAL ESTABLISHMENT FEES 2017 - 18

The Licensing Partnership Manager presented a report on the Animal Establishment Fees 2017/2018.

In response to questions by Members, the Licensing Partnership Manager explained that:-

- When renewal applications were made the Environmental Enforcement Team would carry out an inspection of the premises. The renewal licence would only be issued subject to the Licensing team having received a satisfactory report from the Officer.
- Riding Establishments (how do we determine if it is a riding establishment?) - complaints or information received would be investigated by the Environmental Enforcement Officer. However, existing premises would still be subject to an annual inspection by the Officer and Veterinary Surgeon when an application for a renewal licence was received.
- Dog breeding (how can we identify where commercial breeding is taking place) - this was difficult to determine. However, the breeding of bitches was controlled by legislation.

RESOLVED: That the Licensing Committee approves the fee levels as set out in paragraph 2.6 of the report for implementation on 1 April 2017.

Voting: For: 11 Against: 0 Abstentions: 0

Taxis and Private Hire Fees and Charges 2017/18

1. PURPOSE OF REPORT AND EXECUTIVE SUMMARY

- 1.1 The authority is required to review the fees set for the administration of Hackney Carriage and Private Hire Licensing. This ensures the Council complies with its statutory duty and that the licensing of Taxis and Private Hire vehicles, Dual, Hackney Carriage or Private Hire Drivers and Private Hire Operators continues being self-financing, in accordance with the Council's Financial Strategy.
- 1.2 A fees model, similar to the one used to first set the Gambling Act fees in 2007 was used to determine the proposed fees for 2017/2018.

2. INTRODUCTION AND BACKGROUND

- 2.1 The proposed fees were first brought to Licensing Committee on 30 March 2017 where it was agreed that a 28 day consultation with the trade would take place and consideration would be given to any objections that may be received as a result of that consultation. The consultation took place between 13 April and 11 May 2017 and resulted in one written objection being received on 26 April 2017 from Neil Cox, Chair of the hackney trade, representing his members. There were no objections from the Private Hire trade.
- 2.2 Due to the sudden and unexpected death of the Licensing Partnership Manager on 21 May 2017 the information required to respond to the objection could not be accessed and the deadline set by S70(5) of the Local Government (Miscellaneous Provisions) Act 1976 for the fees to come in to effect after objection could not be met as there was insufficient time to report to July Committee.
- 2.3 It become necessary to consult again on the proposed fees and that consultation took place between 26 July and 22 August 2017 with the Public Notice appearing in the Kent Messenger on 27th July 2017. This resulted in one written objection being received by e-mail on 15 August 2017 from Neil Cox, Chair of the hackney trade, representing his members. There were no objections from the Private Hire trade or any other person. This consultation period was incorrect as it only allowed for 27 days and a further consultation period became necessary.
- 2.4 The third consultation period took place between 14 September and 11 October 2017 with the Public Notice appearing in the Kent Messenger on 14 September 2017. This resulted in one written objection being received by e-mail on 19 September 2017 from Neil Cox, Chair of the hackney trade, representing his members. (Appendix A). There were no objections from the Private Hire trade or any other person.

- 2.5 Careful monitoring of income and expenditure was carried out over the current financial year and the income from licence fees and associated costs, together with expenditure, has been in accordance with the objectives laid out in the budget plan and the inflation rate. All other increases in cost of providing the service have been absorbed by efficiency savings as a result of the Licensing Partnership.
- 2.6 The Taxi Licensing service is required to be self-financing and the proposed increases to fees will ensure this is maintained.
- One of the main points of the trade's objection is that the percentage increases of the fees varies greatly from the original fees, It has been explained that Initially the fees for taxi and private hire were set historically and percentage increases based on the rate of inflation were applied. However, there had not been an increase in the fees for a significant number of years with the first increase taking place in 2016 and at that time acknowledgement made that the fees needed to be stripped back and then the costs calculated incorporating all the activity employed for each type of licence. This has now been done and the fee calculation tables are attached as Appendices 2, 3 and 4.
- 2.8 A fees model, similar to the one used to first set the Gambling Act fees in 2007, was used to calculate the proposed fees and charges. The fees have been calculated by examining the time it takes to carry out the various tasks in processing the application and who in the authority is likely to carry them out. The hourly rates of staff are fed in to a spread sheet (originally produced by the national support body for local authority regulators, LACORS, to calculate the Gambling Act fees) to calculate costs for each type of activity. These fee sheets are attached as Appendices 2, 3 and 4.
- 2.9 Each licence has been broken down to include line by line the tasks involved in producing each licence which include: at application stage assistance to the applicant, checking of an application upon receipt, and processing the application. Once processed, types of tasks include: determining the licence or arranging a hearing and holding a hearing, notification of the decision, preparation and issuing of the licence, updating the records/register, appeal preparation and holding an appeal hearing, as well as compliance tests of drivers, vehicles and operators. A proportion of training of Officers and Members has also been included, as well as the cost of consumables.
- 2.10 After applying the fees model to the various licences the fees were set as shown in Appendix B, In the case of the Hackney drivers fees most were significantly reduced e.g. dual and hackney carriage driver licence new 3 year licence was calculated to be £431 but was reduced down to £370, whereas in the case of a private hire driver –new 3 years licence which was calculated to be £277 was reduced down to £275.
- 2.11 The hackney trade will always have higher licence fees applied to them as they have additional costs to meet. The unmet demand survey which we have to undertake every three years must be met solely by them. The taxi monitor in King Street which was replaced in August 2016 at a cost of £6,100 is being recovered over a period of 3 years and its annual maintenance is ongoing. The

- taxi trade in their letter of objection have asked to see the evidence for the justification of their higher charges and these can be seen in the fee calculation tables at Appendices 2, 3 and 4.
- 2.12 The fees will be looked at annually and adjusted accordingly at that time. There is to be consultation with the trade very shortly around delimiting hackney vehicles and if that were to be the case then the fees for hackney vehicles and drivers would significantly reduce and be much more in line with private hire fees as the Hackney trade have requested as there would no longer be a requirement for an unmet demand survey.
- 2.13 Since this report first came to Licensing Committee on the 30 March 2017 the online driver test has been implemented and candidates are required to pass the test before they can submit an application. Due to this new process it would be sensible to remove the cost of the test from the original figures submitted with the report in March and calculate a fee relevant to the new test which recovers the cost of the new process. These corrections to the original fees and the new test fee can be seen at Appendix 2.
- 2.14 After considering the objection from the Hackney trade the figures were further reviewed and it is still the opinion of Officers that the Proposed Hackney Carriage and Private Hire Licensing fees with the amendments made as a result of the new test process and shown in the table below should apply with immediate effect from 5th December 2017.

3. AVAILABLE OPTIONS

The fees and charges need to be reviewed to ensure that they are set at appropriate levels to recover the costs associated with providing the service. Having reviewed the income and expenditure the options available are:

- 3.1 To propose no changes or reductions to the existing fees. This would mean there would be a shortfall in income against the budget set for the function.
- 3.2 To approve the fees as set at in paragraph 2.14.

3.3 To propose, where possible and appropriate, fees higher than the cost of delivering the service. However, if the Council were subject to Judicial Review it would not be in a position to justify the fees that have been set.

4. PREFERRED OPTION AND REASONS FOR RECOMMENDATIONS

4.1 To approve the fees set out in paragraph 2.14 to ensure that the fee income reflects the cost of providing the service.

Good morning Lorraine,

Please find attached our response to the consultation, now out for a third time. Can I confirm that responding by e mail is acceptable? Also thanks for letting me know about the Ford Procab.

Kind Regards

Taxi Association

Response to consultation on Taxi and Private Hire fees and charges for 2017-18.

I have been asked by the licensed Hackney Carriage (HC) trade to respond to the proposals put to the licensing committee on 30th March 2017. I am also a Private Hire (PH) operator in Maidstone.

You will not be surprised to hear there is much opposition to the proposed massive increases to our fees and charges.

The proposed increases seem to vary between -19.7 % for a Private Hire drivers licence renewal (3 years) and +35.7% for a private hire drivers licence (1 year) and various percentage increases inbetween . Why is there such a variation? If the proposal was that increases across the board should be the rate of inflation since the last increase then we would not be opposing these proposals. I would add that the cost of a Hackney carriage vehicle licence was £259 in the year 2015-16, jumped to £295 in 2016-17 including a payment towards the demand survey and for 2017-18 is now proposed to be £365. We understand the hypothecation of funds towards the demand survey and monitor but would like to be supplied with evidence which justify these figures. Hypothecated fees should be clearly visible on Hackney Carriage vehicle licence and Dual & HC drivers badge application forms. What is the total cost of these items divided by the number of vehicles licenced per year on average and years taken to cover the cost of said items. We also understand that the licensing department should be self financing but feel these increases are arbitrary and should be more balanced. Please see our proposals in the table below. We believe a 5% increase in our overall charges is more than adequate to cover the costs of running the taxi section of the licensing department. Please note the Taxi trade has not asked for an increase in fares for 4 years.

We believe the cost of a Private Hire badge or dual badge should be the same as a Hackney Carriage badge whether one or 3 years. Private Hire and Hackney Carriage vehicle licences should also cost the same, excluding hypothecated items. In practice they are subject to the same test and administration.

We believe that an unintended consequence of the age and mileage restrictions on licensed vehicles which are desirable from an environmental point of view have encouraged private hire operators to licence their vehicles in Tonbridge and Malling which has a less strict regulatory environment and then work them in Maidstone (within the law). We have the worst of both worlds. Private hire vehicles being worked here but licensed elsewhere and revenues from these vehicles and drivers going to TMBC. We know this is happening because we speak to private hire operators who tell us this is exactly what they are doing. Indeed Express Taxis, Streamline Taxis, Apollo Taxis & Cavalier Taxis all have operations in Tonbridge & Malling. You may well see their TMBC licensed vehicles in Maidstone.

I should also add that vehicles licenced elsewhere are outside of the jurisdiction of the MBC Licensing Dept. May we suggest relaxing current restrictions in order that vehicles working here are encouraged to licence here. To that end may we suggest that licensed vehicles can be licensed for the first time up to 4 years of age and 100,000 miles and then worked until 10 years from the date of first registration. This is much closer to the position in TMBC but still slightly tighter and may encourage operators to licence here rather than elsewhere to the benefit of all concerned.

For PH operators with more than 10 vehicles add £50/year per vehicle. Perhaps these extra funds could be hypothecated towards night time enforcement of taxi regulations. The larger operators tend to be the ones whose vehicles sail close to the wind!
