

Reference number: 18/500353/FULL

- Application 18/501451/SUB (details pursuant to condition 3 [sustainable drainage] of MA/13/1645) has now been approved. In light of this, It is recommended that condition 2 of 18/500353 is amended to read:

The development hereby approved shall be carried out in accordance with the sustainable drainage system details, as approved under 18/501451/SUB;

Reason: To ensure that surface water runoff is appropriately attenuated in order to minimise the risk of flooding.

Recommendation remains unchanged.
