

Third Quarter Risk Update

2022/23

February 2023
Corporate Services PAC
Report Author: Alison Blake
(Interim Deputy Head of Audit)

Introduction

A key principle of good governance is managing the **effect of uncertainties on the achievement of our objectives** (our risks). Having arrangements in place to identify and manage our risks increases the probability of achieving corporate and operational objectives by controlling risks in balance with resources. Good risk management also increases our ability to cope with developing and uncertain events and helps to instil a culture of continuous improvement and optimisation.

The Risk Management Framework sets out how the Council identifies, manages and monitors risks. This includes the risk appetite statement, which articulates how much risk the Council is comfortable with and able to bear.

A key part of the risk management process is to report risk information to understand how the risks to the Council are changing and what risks are emerging. **The purpose of the report is to provide Members with the Council's key risks and how they have changed since they were last reported in November.** The role of this committee is to provide oversight and challenge over the management of the Council's most significant risks.

This report sets out the Council's corporate risks and describes the risks 'on the horizon'. Finally, the report includes the Council's operational risk profile and details the most significant operational risks. The Council's overall risk profile is pictured in the diagrams below. These show a slight decrease in the overall number of risks, a decrease in the number of black risks and a slight increase in the number of red risks.

Current Risk Profile (Nov' 22)

Current Risk Profile (Feb' 23)

The decrease in the black risks results from a corporate risk being down graded (as described later in the report) and two black operational risks within housing being reviewed and integrated within the corporate *housing pressures* risk.

Corporate Risks

The Council's corporate risks are reported quarterly to the Corporate Services Policy Advisory Committee to ensure effective oversight and monitoring. The risks have been reviewed by risk owners with existing and planned controls being updated and the risk ratings reviewed and amended where necessary.

The table below summarises the **15** risks on the corporate risk register. Further detail on the corporate risks, including a description of the risk and details of existing and planned key controls are included in Appendix A. Appendix B outlines the impact and likelihood scoring criteria.

Our Priorities

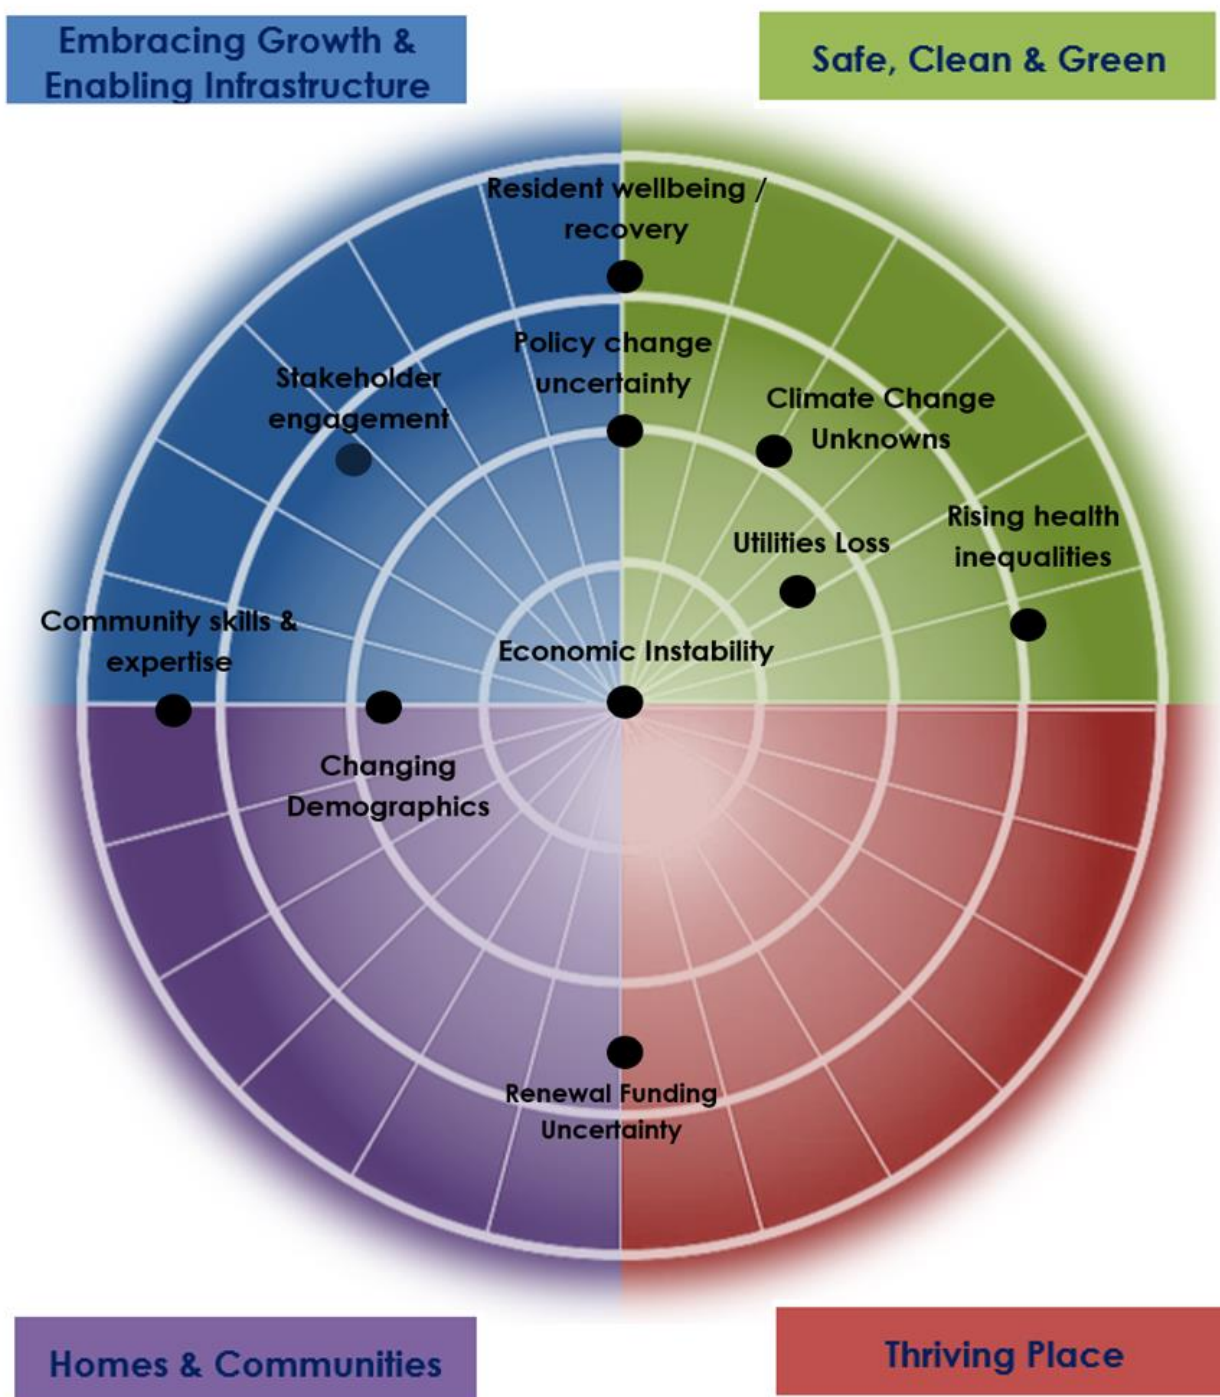

The **diminished local retail and leisure sector** risk (formerly *contraction in retail sector*) has been re-framed and the scoring reduced to reflect how the sector is adapting to economic conditions.

External Threats (horizon scanning)

Our horizon scanning process identifies external threats over which we have no direct control or ability to manage the impact on delivery of our priorities. Our response to these threats will be an important factor in how we develop our strategies, policies and how we translate that into service delivery. As such, we can draw down any of these threats into our corporate risk register if (or when) the time is right.

For the time being, we will keep our eye on these threats and continue to provide updates as part of the quarterly monitoring report. The diagram summarises the external threats aligned to each of our priorities with those closest to the centre being those likely to happen soonest.

The following points provide some more detail on the threats outlined in the diagram above:

- **Economic Instability** – uncertainty around employment rates, interest rates and inflation increases, and the affect this will have on the local economy, residents financial position and our operational and contractual costs and wage bill.
- **Climate change unknowns** – some of the implications of climate change are already captured within the corporate risk register. But this reflects the possibility of other as yet unknown implications from climate change.
- **Policy change uncertainty** – potential for changes in legislation and other central government policy changes.
- **Funding uncertainty** – ability of Maidstone BC to get funding which matches its aspirations and delivery goals.
- **Stakeholder engagement** – heightened sensitivity to Council plans leading to increased intolerance and complaints.
- **Resident Wellbeing and recovery** – potential for residents in the borough to not have long term improvements to their wellbeing
- **Rising health inequalities** – increasing inequality in access to health care provisions.
- **Community skills and expertise** – decline in diversity of skills and expertise within communities.
- **Utilities Loss** – loss of water, electricity or telecoms over a wide area in the Borough.
- **Changing Demographics (New)** – changes in local demographics as local residential development expands and consensus results become clearer, changes predicted service provision.

Rising construction costs has been removed from the horizon as it is now adequately captured within existing risks.

Operational Risks

The following matrix sets out the operational risk profile of the Council including shared service risks. It shows the 'business as usual' position (**current risk**) and the position once all planned actions are implemented (**mitigated risk**). Compared to November 2022 the overall number of risks has decreased slightly from 155.

The 2 black operational risks and how the Council is responding to them are detailed below.

Waste Collection Contract costs increase. Annual contract financial review could result in increase in costs associated with the contract, or contract not being viable for the contractor.			
Service Area: Environmental Services & Public Realm	Ownership: Jen Stevens	Current Score: 15 x L4	20
<p>Causes</p> <p>National HGV driver shortage is having impact on collection costs due to substantial pay increases to attract and retain staff</p> <p>New contract from 2023 could be financially unviable given the requirements set out in the specification and if the full extent of the carbon reduction requirements are to be realised e.g. full electric RCV fleet</p> <p>Consequences</p> <p>Financial burden on the council. Appendix A Corporate Risk Register

The following table shows the detail of the Council's Corporate Risks including the **current** rating (business as usual position) and the rating after the introduction of planned controls (the **mitigated** rating).

Risk (title & full description)	Risk Owner	Key Existing Controls	Current rating (I x L)	Controls planned	Mitigated rating (I x L)
General financial uncertainty . Unexpected changes to government funding, failure to achieve income or savings targets, and increases in inflation and contractor costs places further financial restrictions on the Council resulting in difficulty maintaining standards or meeting aims.	Mark Green	<ul style="list-style-type: none"> • Agreed work programmes in transformation and commissioning • Budget monitoring in place • MTFS in place and monitored • Scenario planning in budget setting • Strategies for maintaining income (e.g. pricing policies and proactive management of property portfolio) • Holding reserves to mitigate impact of financial restrictions • Robust risk assessment of new business opportunities 	(5 x 5) 25	<ul style="list-style-type: none"> • Currently updating MTFS to reflect impact of inflation • Lobbying to avoid unfavourable financial changes to government funding • Cost recovery through bidding for additional government support for one-off costs and strategic investments • Identifying measures to address future budget gaps • Maximise Council Tax to referendum limit 	(4 x 4) 16
Elections Act 2022 introduction of Voter ID for May 2023 elections results in the election failing or being challenged . Leading to reduced electoral integrity, reputational damage, and potential impact on political leadership and decision-making capability for 2023/24.	Angela Woodhouse	All usual election risk mitigations are in place including project planning, contingency planning and risk assessments. In addition DES Manager on DLUHC BCN group working on Elections Act 2022 implementation and liaising with AEA.	(5 x 5) 25	Increased election staffing for 2023, All Council staff to be on standby to support elections, utilise internal comms, early contact of election staff, targeted training, prioritising of elections over corporate functions within Corporate and Electoral Support, contingency planning for post-election challenge impacts. However, risk mitigation is limited due to dependency on external factors (i.e. DLUHC delivering)	(4 x 5) 20

Risk (title & full description)	Risk Owner	Key Existing Controls	Current rating (I x L)	Controls planned	Mitigated rating (I x L)
<p>Inflation continues to rise and a significant economic event (e.g. further pandemic impacts, BREXIT, supply chain issues) causes significant changes in construction costs which may also result in a contractor insolvency, as they are generally locked into delivering schemes at a fixed price, and so need to manage their exposure to rising costs in their supply chain. For the Council, this leads to a narrowing gap between build price and end of property values, increased costs to the Council and a possible time lag in delivery of 1000 affordable new homes, owing to a lack of capacity in the construction sector.</p>	<p>William Cornall</p>	<ul style="list-style-type: none"> • Use of "off-site" and other Modern Methods of Construction where possible to ensure schemes are delivered efficiently • Designing buildable efficient schemes • Financial stability and overall exposure checks for contractor • Performance bonds and quality monitoring • Realistically set financial scheme approval hurdle rates • Appointment of a single architect (BPTW), employers agent (Calfordseaden) and development management specialist (Red Loft) as a consistent professional team to support the Council in it delivery of the 1,000 homes programme 	<p>(4 x 5) 20</p>	<ul style="list-style-type: none"> • Exploration of suitable contractor frameworks to access. • Managing exposure levels to different contractors as the programme gathers momentum. • Delaying the letting of key contracts if tendering does not yield VFM proposals that are financially robust. <ul style="list-style-type: none"> • Careful scheme design evolution to enhance the "buildability" of new projects. • Exploration of the use of Modern Methods of Construction (MMC) to help generate construction costs savings and benefits, most likely in terms of time and quality. 	<p>(4 x 4) 16</p>

Risk (title & full description)	Risk Owner	Key Existing Controls	Current rating (I x L)	Controls planned	Mitigated rating (I x L)
<p>The broader housing and cost-of-living crisis leads to housing pressures increasing on the Council, affecting both costs associated with homelessness and ability to meet wider housing needs in the borough.</p>	<p>William Cornall</p>	<ul style="list-style-type: none"> • Homelessness prevention team in place with increased resource • Access to our own housing stock to use for temporary accommodation & market rented housing (within Maidstone Property Holdings) • Closer working with private sector & housing associations • Key policies are in place: Temporary Accommodation Strategy • Implementation of Housing Management Team • Council approval in place for MBC to develop up to 1000 affordable homes of its own • We work closely with the voluntary sector and community partners • Home Finders scheme in place and supported through Government funding • Affordable Housing supplementary guidance adopted in Summer 2020 • The first circa 400 residential plots for the 1,000 homes programme have been acquired / approved. <ul style="list-style-type: none"> • Maximise use of government grants to assist those in financial difficulty • Increase the use of OneView to identify households who may become homeless • Undertaking roadshows with colleagues from Revs & Bens and other stakeholders to support those in financial/housing difficulty • Use of government grants specifically to support households in financial difficulty as a result of cost-of-living crisis • Trinity now open offering Mon-Fri services for immediate intervention and support/guidance 	<p>(4 x 5) 20</p>	<ul style="list-style-type: none"> • Continued progress towards the temporary accommodation acquisition programme funded through the MBC capital programme • Leader of Council ambition to build 1000 new Council homes as soon as possible and plans to meet this aspiration have been approved and the programme is underway with the second major new land acquisition. Around 40% of the required plots are now either acquired or approved by the Executive. • New draft Housing Strategy has been considered by the CHE committee and is now out for public consultation with a view to it being adopted in Q4 • The Council continues to work with Homes England to promote the 5,000 home Heathlands garden community through the Local Plan Review, with a view to the project delivering new homes from the late 2020's. • Review of the Home Finder Scheme offer to landlords to increase the supply of stock at our disposal. • Improve access to private rented sector through the MBC incentive scheme. • Explore alternative approaches to obtaining TA accommodation. Officers will, restart some "direct lets" to households in TA to the RP sector, procure nightly paid TA in a more long-term manner, and make proposals to the Executive to bolder investment in Council owned TA via the new capital programme in the MTFs. 	<p>(4 x 4) 16</p>

Appendix B Impact and Likelihood Definitions

Risks are assessed for impact and likelihood. So that we achieve a consistent level of understanding when assessing risks, the following definitions were agreed and have been used to inform the assessment of risks on the risk register.

RISK IMPACT

Level	Service	Reputation	H&S	Legal	Financial	Environment
Catastrophic (5)	Ongoing failure to provide an adequate service	Perceived as a failing authority requiring intervention	Responsible for death	Litigation almost certain and difficult to defend Breaches of law punishable by imprisonment	Uncontrollable financial loss or overspend over £500k	Permanent, major environmental or public health damage
Major (4)	Failure to deliver Council priorities Poor Service, 5+ days disruption	Significant adverse national publicity	Fails to prevent death, causes extensive permanent injuries or long term sick	Litigation expected and uncertain if defensible Breaches of law punishable by significant fines	Financial loss or overspend greater than £250k	Long term major public health or environmental incident (1+ yrs)
Moderate (3)	Unsatisfactory performance Service disrupted 3-5 days	Adverse national publicity of significant adverse local publicity	Fails to prevent extensive permanent injuries or long term sick	Litigation expected but defensible Breaches of law punishable by fines	Financial loss or overspend greater than £50k	Medium term major public health or environmental incident (up to 1 yr)
Minor (2)	Marginal reduction in performance Service disrupted 1-2 days	Minor adverse local publicity	Medical treatment required Long term injuries or sickness	Complaint or litigation possible Breaches of regulations or standards	Financial loss or overspend greater than £10k	Short term public health or environmental incident (weeks)
Minimal (1)	No performance reduction Service disruption up to 1 day	Unlikely to cause adverse publicity	First aid level injuries	Unlikely to cause complaint Breaches of local procedures	Financial loss or overspend under £10k	Environmental incident with no lasting detrimental effect

RISK LIKELIHOOD

Level	Probability	Description
Almost Certain (5)	90% +	Without action is likely to occur; frequent similar occurrences in local government / Council history
Probable (4)	60% - 90%	Strong possibility; similar occurrences known often in local government / Council history
Possible (3)	40% - 60%	Might occur; similar occurrences experienced in local government / Council history
Unlikely (2)	10% - 40%	Not expected; rare but no unheard of occurrence in local government / Council history
Rare (1)	0% - 10%	Very unlikely to occur; no recent similar instances in local government / Council history
