**Executive Summary**

This report sets out the 2022/23 financial and performance position for the services reporting into the Corporate Services Policy Advisory Committee (CS PAC) as at 31<sup>st</sup> March 2023 (Quarter 4). The primary focus is on:

- The 2022/23 Revenue and Capital budgets; and
- The 2022/23 Key Performance Indicators (KPIs) that relate to the delivery of the Strategic Plan 2019-2045.
- Corporate Risk Register

The combined reporting of the financial and performance position enables the Committee to consider and comment on the issues raised and actions being taken to address both budget pressures and performance issues in their proper context,

reflecting the fact that the financial and performance-related fortunes of the Council are inextricably linked.

Following the realignment of the Policy Advisory Committees there have been some minor changes to the responsibilities of this Committee which are reflected in this report.

### Budget Monitoring

At the Quarter 4 stage the Council has incurred net expenditure of £23.019m against the approved profiled budget of £23.231m, representing an underspend of £0.212m.

Overall net expenditure at the end of Quarter 4 for the services reporting to CS PAC is £10.270m, compared to the approved profiled budget of £10.894m, representing an underspend of £0.624m.

At the Quarter 4 stage, the Council has incurred overall expenditure of £16.335m against a budget allocation within the Capital Programme of £32.631m.

Capital expenditure at the end of Quarter 4 for CS PAC was £2.440m against a total budget of £9.535m.

With the exception of this Committee the Policy Advisory Committees that were in place for 2022/23 have now been decommissioned and reconstituted with some different responsibilities for 2023/24. These changes have been reflected in the reports that the other Committee have seen.

### Performance Monitoring

A number of targets were missed due to current issues with the economy and the continuing after-effects of Covid-19, although there were improvements in a number of other areas.

### Corporate Risk Update

Appendix 3 outlines all the Council's corporate risks. Of note are changes to the elections and contractor failure risks to re-frame these, and a change to the cost-of-living risk which has been re-framed and has increased. The other corporate risks have been reviewed and updated with some changes to risk descriptions and/or controls or actions. The report also includes the operational risk profile of the Council and the most significant (black) operational risk.

### Recovery & Renewal Update

A number of actions across the three areas of focus in the Recovery and Renewal Action have now been completed. This is shown in the update at Appendix 4.

### UK Shared Prosperity Fund Update

An update on progress made against schemes using this funding is shown at Appendix 5.

### **Purpose of Report**

The report enables the Cabinet to consider and comment on the issues raised and actions being taken to address both budget pressures and performance issues as at 31<sup>st</sup> March 2023.

### **This report makes the following recommendations to the Cabinet:**
